

# Independent Financial Advice from the Professionals

## JACKSON ROBSON FINANCIAL SERVICES

# Your Local Independent Financial Advisers

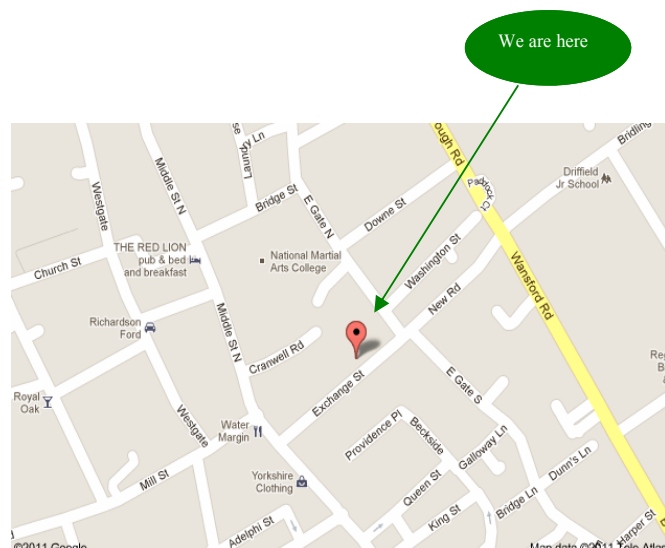

Our company was formed in 1986 and has been in Exchange Street all that time. Over the last 20 years we have employed a qualified **Independent** Financial Adviser, who has given help to local people, local businesses and also further afield! In the past four years we have helped clients to invest over £25 million of their money. As Independent Financial Advisers we are able to work with all the leading financial institutions and have no ties to any single product. We can therefore research the whole market place for your benefit.

# SO WHAT DO WE DO EXACTLY ?

Well these sort of things.

## Pensions

A lot of us dream of an early, or at least comfortable retirement – but everyone needs a realistic plan to help achieve it.

## Financial Protection

Misfortune can strike anyone. An untimely death or critical illness presents financial as well as emotional stress.

## Accident, Sickness and Unemployment

For financial support when any of this trio of misfortunes takes its toll on your earning powers.

## Savings & Investments

Important for those “rainy days” or for specific goals – finding the right products and providers is crucial.

## Retirement Planning

Selecting the right options for you to make your retirement fund see you safely through your retirement years.

## University Fees Planning

University costs can be made more manageable through planning well in advance.

## Tax Planning

Helping to ensure you work and invest rather more for yourself and your family and less for HM Revenue & Customs.

Your initial,  
no obligation  
consultation  
is  
“on the house”
